PORTFOLIO

PERSONAL WEBSITE: zeussantiago.github.io/portfolio

GITHUB PROFILE: github.com/ZeusSantiago/

LIVE PROJECTS:
- shopsuey - e-commerce application using fakestore api
- super tic-tac-toe - an improved and more strategical tic-tac-toe game
- fortune-codies - a simple fortune cookie that gives you a programming quotes.

PROFILE

Experienced application developer with a strong command of Spring Boot, Guidewire InsuranceSuite, and Laravel frameworks. Currently focusing on web full stack development. Proficient in React.js, Tailwind CSS, Express.js. Eager to apply my skills as my current situation, characterized by an overabundance of upskilling and a lack of project opportunities, has fueled my desire to make an immediate impact in a dynamic role.

WORK EXPERIENCE
